

of Korynica, but have been repelled with heavy losses. It was officially announced today.

Heavy fighting is occurring along a wide portion of both the Volhynian and Galician fronts.

Obstinate battles continue north of Zborov and north of Stanislau, where a Teutonic attempted advance was given back by Russian fire.

In the Carpathians, the enemy attacked heroically in the region of Korosovo and near Krichbaum, but were repulsed, the Russians taking 1,770 prisoners. South of Dorna Vatra (near the Roumanian frontier) the enemy took the offensive with large forces.

ROUMANIAN ARMY NEARLY WIPED OUT

BERLIN (via wireless to Sayville). Oct. 16.—Only "pitiful fragments" of the Roumanian army that invaded southeastern Transylvania escaped to hiding places in the mountains, said the military critic of the semi-official news agency in a review of the Roumanian operations today.

The first Roumanian army, and the larger part of the second were practically annihilated in the battles around Hermannstadt on the Sinesa and near Kronstadt.

The second Roumanian army lost nearly two divisions in retreating from Kronstadt. The Roumanian army enveloping movement on both sides of the Alt valley.

The retreat became panicky, the Roumanians abandoning valuable material and at the same time taking senseless revenge on the civilians, it was alleged.

Though the second army had been largely dispersed, isolated detachments were rounded up Friday and captured north and east of Krichbaum, where the Germans reached the Transylvanian frontier.

This army would have been entirely wiped out, according to prisoner reports. The Roumanian forces had not been hurried up. The Roumanian leaders lost their powers of decision in defeat and brigades and regiments were rushing backward and forward over the railways and even in carts.

Says Austria Must Go Before Peace Can Come

By JOHN H. HEARLEY.

ROME, Oct. 15.—Austria must be destroyed as a state and Germany deprived of every thought of dominating the world before the war can end, Signor Bissolati, civil commissioner for war, Socialist leader, soldier, and one of the most powerful figures in the Italian cabinet, told the United Press today.

To consent to peace now would be an act of treason on the part of any ally nation, he declared.

"I am convinced that War Secretary Lloyd-George's statement to the United Press and Premier Asquith's words in the House of Commons exactly interpret the thoughts and express the firm resolve of all the allies," said the Italian cabinet member.

"The peace to which the whole world aspires after so many horrors and sacrifices must be real and lasting, not a mere truce. Civilization must safeguard itself against attempts similar to the one against which she is now reacting with all her strength. This means that we must create in Europe such conditions as to render it impossible for Germany to resume her criminal designs."

"I, therefore, think that any State or States of the entente who would today harbor the thought of peace would be guilty of an act of treason. Rather than accept a peace contaminated by the accord of other wars, it would have been better not to embark on the present war at all."

"The deadly germ of war can only be killed by destroying Austria as a state and depriving Germany of her sense of predominance. It is necessary to proclaim this fearlessly and openly as Premier Asquith and Lloyd-George did."

Brazilian Would Regulate Immigration of Cripples

RIO DE JANEIRO, Oct. 16.—A bill regulating the admission into Brazil of persons mutilated in the European war, is being pushed by Deputy Gustavo Barroso. Barroso fears the country will be overrun by crippled immigrants.

Germans Shoot Down 75 Allied Aers in September

BERLIN (via wireless to Sayville). Oct. 16.—Seventy-four allied aeroplanes, of which 21 were French and 53 English, were shot down and fell into German hands during the month of September, it was semi-officially stated today.

Venezelos Party Formed By Greeks in New York

NEW YORK, Oct. 15.—A nation-wide organization of Greeks in a "Venezelos party," favoring Greece's intervention in the war on the side of the allies, was planned by Greek leaders here today, following a big demonstration last night.

Ten thousand Greeks tried to crowd their way into a hall where the new party was formed, and 4,000 was subscribed in a few minutes.

It is planned to enlist 300,000 Greeks in the movement.

WILSON IS CHEERED BY R. R. SUPPORT

Air of Optimism Prevails at Shadow Lawn Following Statements.

By ROBERT J. BENDER.

LONG BRANCH, N. J., Oct. 16.—Statements by F. D. Underwood, President of the Erie railroad, and Robert S. Lovett, chairman of the board of the Union Pacific railroad, endorsing President Wilson and disputing claims that the President acted with political expediency when he forced through Congress the eight-hour law for railroads, is the best news which has struck Shadow Lawn in some days, the President's political lieutenants declared today.

While the big railroad chiefs disagree with the President on the eight-hour law, their support of the so-called Wilson policies now under Republican fire, is taken by Democratic leaders here as a strong indication that the substantial business interests of the country are finally swinging into line behind the President. They look for further announcements by leading railroad men similar to those of Underwood and Lovett.

Optimistic Atmosphere.

As a matter of fact Shadow Lawn bears a very optimistic atmosphere, these days.

Action by several big business concerns in the country, notably the Endicott and Johnson Shoe Manufacturing in not only endorsing, but actually putting into effect, an eight-hour day, is held by the President's advisers as indicative that society approves the principle of the eight-hour day, as claimed by the President, and that his means of settling the threatened railroad strike are "obviously being vindicated."

Funds Coming In.

Party leaders here who two weeks ago were dubious, today are literally walking in air. They feel the slump has passed, and that "Hughes will never be able to catch up again."

Their views are based on scores of telegrams coming in from their lieutenants all over the country—and contributions amounting to something like \$20,000 are being received for the Wilson campaign. During the last five days \$10,000 were rung up in Democratic cash registers.

MRS. COLLINS TO BE BURIED TOMORROW

Lifelong Resident of Georgetown Dies at 84.

Funeral services for Mrs. Mary A. Collins, widow of Georgetown's oldest residents, and widow of Joseph F. Collins, will be held at 10 o'clock tomorrow, on the eighty-fourth anniversary of her birth. Requiem mass will be said at Holy Trinity Church, and interment will be made in Holy Road Cemetery.

Mrs. Collins died Saturday morning after a long illness due to the infirmities of old age, at her home, 308 O street. The family is one of the oldest and best known in Georgetown.

Six children survive. They are the Rev. Father James W. Collins, S. J., one time member of the faculty of Georgetown University and now stationed in San Francisco; Mrs. A. Oberheim, Mrs. John Hadley Doyle, Joseph W. Collins, Mrs. J. W. Schneider, of Washington, and Harry L. Collins, of New York.

WANT PRINTER AS SCHOOL INSTRUCTOR

The employment of a practical printer as instructor in printing at the Business High School is to be urged before the Commissioners and Board of Education by the Columbia Typographical Union.

A committee of three was appointed at yesterday's meeting of the union to take up the matter with the proper officials with a view to expanding the printing department of vocational work in the school. The union desires night classes in printing, open to all apprentices in the printing trade.

A resolution of respect to the late W. N. Brockwell, of the proof room of the Government Printing Office, has been prepared by a committee and will be hung in the Typographical Temple.

Other business included acceptance of three new members, filing of three applications for old age pensions and endorsement of the proposition of membership in the Union Printers' Home.

HOW THESE MOTHERS KEEP THEIR BABIES WELL AND STRONG

READ THEIR EXPERIENCES TOLD IN THEIR OWN WORDS:

"Both my children have taken Father John's Medicine with good results. I always have a bottle of the medicine in the house for an emergency." (Signed) Mrs. S. Barson, 19 Bailey St., Lawrence, Mass.

"I can recommend Father John's Medicine to anyone that is run down. We have used it in our family, myself, my husband and my little boy, for years with good results." (Signed) Mrs. J. W. King, 819 St. Clair St., Port Huron, Mich.

"I am sorry for any family that cannot afford Father John's Medicine for their children. It has been of great benefit both to me and my little baby." (Signed) Mrs. Mabel Edgar, R. F. D. No. 1, Shipping Port, Pa.

Mother especially recognize the value of Father John's Medicine because they know it is a pure and wholesome food medicine which makes flesh and strength without using alcohol or dangerous drugs and is, therefore, safe for children as well as older people.—Adv.

KRUPPS' INCREASES ITS OUTPUT OF GUNS

Fresh Activities at Essen Plant Show Mighty Effort to Turn War's Tide.

(Continued from First Page.)

munitions factories. They pay the highest income tax in Germany.

From conversations with Krupp directors, with August Thyssen, the "Carnegie of Germany," and other industrial leaders, three facts become apparent regarding the German campaign since Hindenburg assumed leadership.

First—Germany plans to maintain its supremacy in the artillery branch of warfare by increasing the supply of guns and ammunition.

Second—By renewed submarine efforts she plans to stop contraband going to England from neutral European countries, to halt ammunition shipments from America to England, and to stop Canadian transports from carrying troops to Europe.

Third—By an offensive against Russia and Rumania, while maintaining an iron wall defensive in the west, she plans to bring England between the jaws of von Hindenburg's military vice and pin her back until she makes peace.

Getting Second Wind.

Krupps may be said to be getting a second wind. Industries throughout the entire Rhine and Ruhr valleys, where shells roll out weekly by the millions, are preparing the army for the final stretch. A visit to the great gun plants here gives one an impression of the gigantic plans Germany is making.

Essen now feels so secure against possible air raids that the anti-aircraft guns have been removed. Defense of the city was found to be unnecessary because of the smoke rising from a hundred thousand chimneys night and day forming a cloud over the entire Rhine and Ruhr valleys, making it impossible for aeroplanes to distinguish between Duisburg, Muehlheim and Essen, though miles separate the cities.

In the last all said, three children were killed and the roof knocked off one house near Essen, but the Krupp establishments were not touched.

The Krupp factories are so enormous and the machinery so great that working hours are not reduced. The women workers, numbering 20,000 and dressed in overall bloomers, added a touch of fairland.

Grow Like Mushrooms.

The plants are growing like mushrooms. Some idea of their tremendous size may be gathered from the fact that in one storey a million shells are kept always on hand, and this number is being steadily increased. In the center of the plant is a large target range, where shells and cannon are tested before being sent to the front.

In this great plant, science studies every lesson of war. Artillery, machine guns, and work on the details. The making of armor plate and big guns is a tedious exact series of acts as those by which a pharmacist prepares a prescription. Before the metal is first poured it is boiled for twelve hours.

Before some of the ingredients are used it takes four months to prepare them.

In one building, 1,100 men are working on only big guns, and in another building smaller guns were being drilled.

Baking Armor.

In still another thirty-seven-ton pieces of armor plate were being baked, rolled, pressed, and polished before their final marine inspection and shipment to Kiel.

We were the guests of Director von Bodenhausen, who has visited the steel works both in Pittsburgh and Gary, Ind., and has met Judge Gary and other American steel officials. Bodenhausen said he saw no chances for peace now, but he echoed the views of some other industrial leaders that if the United States would stop ammunition shipments to Europe the war would end.

Von Bodenhausen contradicted David Lloyd-George's statement to the United Press that England didn't complain when the war went against her. Just the reverse is true, he said. Regardless of whether Germany pursues a vigorous submarine warfare during the coming months he is convinced that England's food situation will be uncomfortable by next spring.

CONFESSES THEFTS; IDENTIFIES JEWELRY

CHICAGO, Ill., Oct. 16.—Hundreds of wealthy Chicagoans are flocking to the cell of Adam Frochowski, graduate of the University of Warsaw, who stole thousands of dollars' worth of jewelry from homes here after he had choked off his sleeping victims and then confessed and helped identify the stolen goods.

His thefts are estimated at \$100,000. Other business interests much concerned yesterday from visitors, some of whom declared he was a genius gone wrong. He gives no reasons for committing the thefts.

CHICAGO TRIBUNE OUT FOR SOCIALIST

Republican Paper Repudiates Party's Candidate for State's Attorney.

CHICAGO, Ill., Oct. 16.—The Chicago Tribune, Republican, today editorially repudiated Harry B. Miller, Republican candidate for State's attorney of Cook county, containing Chicago, and advocated the election of William A. Cunniff, candidate of the Socialist party.

Cunniff ran for the office four years ago on the Socialist ticket, and was so close to election that he went to court. His followers have since claimed he was counted out.

Miller's nomination on the Republican ticket was advocated by Mayor Thompson and the city hall following. The Tribune has opposed Thompson since prior to his election.

State's Attorney Hoynes, Democrat, is a candidate to succeed himself.

The fight between Hoynes and Thompson, which has resulted in Hoynes' appearance in court demanding indictment of Police Chief Healey, as the administration's catpaw in handling vice, was made the subject of a bitter attack from the Tribune today.

"Thinking citizens," said the Tribune, "should turn to William Cunniff. . . . We may have a rattling of skeletons, but the net result probably would be for the good of the community. Certainly the policies of Bill the Immense (Thompson) and Hoynes, the heroic, deserve a going to at the polls."

The State's attorney is the most important elective office in Cook county.
